ORDER

19 CR 244-3 (VB)

Sentencing in this case is currently scheduled for January 8, 2021, at 9:30 a.m., in person at the Courthouse.

The Court recognizes that it only recently adjourned the sentencing in this case to January 8. However, in light of the worsening public health crisis, it has now become clear that judges should avoid holding in-person proceedings for the foreseeable future unless absolutely necessary. Accordingly, the Court is inclined either to adjourn the sentencing until February 2021 (or later), or to conduct the sentencing on January 8 by videoconference or telephone conference. Before rescheduling the sentencing or ordering that it be conducted remotely, the Court wishes to solicit the views of the parties as to how best to proceed.

By no later than December 9, 2020, counsel shall confer and advise the Court by joint letter whether they believe it is appropriate to adjourn the in-person sentencing until February 2021 (or later); if so, they shall propose several dates and times when all counsel are available. Counsel should keep in mind that the public health crisis may not improve, or may even worsen, in the coming months.

Counsel shall also advise whether they believe it would be appropriate to conduct the sentencing by videoconference or teleconference, which would of course require a finding pursuant to Section 15002(b)(2)(A) of the CARES Act as well as defendant's consent after consultation with counsel. If counsel believe a remote sentencing is appropriate, they shall propose a CARES Act finding and state whether defendant consents.

Dated: December 2, 2020
White Plains, NY

SO ORDERED:

Vincent L. Briccetti
United States District Judge
